WORK

// Install a M6 nut (4) on the shorter-thread side of the front axle slider shaft (2). Then insert this shaft through a hinch ball (3) until the ball and nut are on the same side.

i - Apply medium-strength threadlocker on shaft threads.

// Install the slider shaft assembly (B) through the front wheel shaft (A).

// Put a hinch ball (3) on the other side of the front axle slider shaft (2), and secure it with a M6 nut (4).
// Tighten the M6 nuts (4) on both sides.

i - Apply medium-strength threadlocker on shaft threads.

// Assembly is complete.
